ABOUT

Baseten provides a platform that combines inference, training, and execution for AI models. It offers dedicated inference, model APIs, training SDKs, sandboxes, and a control grid for enterprises and developers. The company serves fast-growing companies that need scalable, reliable AI infrastructure.

LEADERSHIP AND INVESTORS

Leadership	Amir Haghighat (Founder), Pankaj Gupta (Founder), Philip Howes Ph.D (Founder), Tuhin Srivastava (Founder)
Investors	Greylock Partners, IVP, South Park Commons, Spark Capital, 01A, Conviction, Lachy Groom, Caffeinated Capital

RISKS

- You could lose money. Private companies can fall in value, and late-stage rounds are priced for strong growth.
- Your money is locked in. There is no daily price and no guaranteed way to sell.
- The listing could take years, or never happen.
- Information is limited: private companies publish far less than listed ones.
