Investors Construct Capital, Founders Fund, Lux Capital, Andreessen Horowitz, WCM Investment Management, 1789 Capital, Altimeter Capital Management, T. Rowe Price Associates

RISKS

- You could lose money. Private companies can fall in value, and late-stage rounds are priced for strong growth.
- Your money is locked in. There is no daily price and no guaranteed way to sell.
- The listing could take years, or never happen.
- Information is limited: private companies publish far less than listed ones.
